

Step 3: Enter your text

To copy my example, change the following options from the default settings:

Multiline Font Size:	500
Multiline Text:	gold bar
Force looped letter g	Yes

Now hit OK

Step 4: Select the text

Click on the text tool in the Gimp toolbox and then click somewhere in the 'gold bar' text generated by the Joined-up Text filter. Select all the text - either by swiping or by using a keyboard combination for your system (Ctrl + A in Windows).

Now copy the highlighted text. Right-click and select Copy or use Ctrl + C in Windows.
